Some Service Clubs

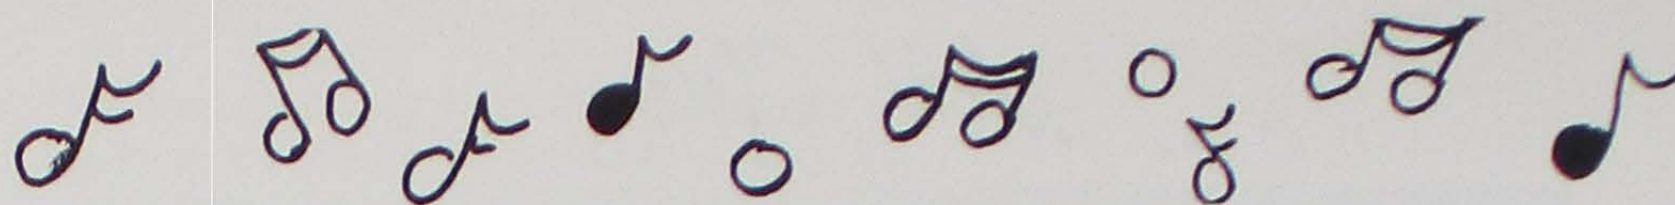

A. V. CLUB is one of the most useful clubs in Welch. The members of this club deliver and pickup the equipment the teachers need for their classes' use. They also maintain and repair this equipment. These students also help with many productions the teacher's and student's need. One of their most important jobs to the coaches is the videotaping of athletic events.

TEMPEST staff workd hard all year to produce a yearbook for the students. They try to cover as many athletic and school events as possible. Tempest hopes to give a good over-view of the entire year.

IMC CLUB helps make the IMC at Welch a smooth-running and enjoyable place to be. The members learn how to process books in the IMC and help shelve books.

GENERAL BUSINESS CLUB provides an important service to Welch students. They run a store that sells school supplies to the students in the morning before school. Profits are shared by the students according to their work.
